Translation note:

It was not the purpose of the audit to present the Bank in the context of the results of operations and ratios achieved. A detailed interpretation of the ratios requires an in-depth analysis of the Bank's operations and its circumstances.

The financial statements do not take into account the effects of deflation. The consumer price index (on a December to December basis) amounted to -1.0% in the audited year (inflation 0.7% in 2013).

The following comments are based on information obtained during the audit of the financial statements.

The factors described below had a significant impact on the Bank's results of operations and on its financial position as at the balance sheet date:

- At the end of the financial year, the Bank's total assets amounted to PLN 49,603,377 thousand. During the year total assets increased by PLN 4,641,620 thousand, i.e. by 10.3%.
- The assets were primarily financed by customer deposits. As at 31 December 2014 the amounts due to customers amounted to PLN 29,803,545 thousand and represented 60.0% of total equity and liabilities (an increase in comparision to the previous year by PLN 3,169,188 thousand, i.e. by 11.9%). An increase of amounts due to customers was mainly driven by increase of deposits from non-financial sector entities by PLN 3,538,944 thousand.
- As at the balance sheet date, amounts due to banks amounted to PLN 5,004,190 thousand, which represented a decrease by PLN 1,168,767 thousand, i.e. by 18.9% compared to the previous year. This drop was mainly due to a decrease of term deposits (by PLN 986,306 thousand, i.e. by 29.4%) and current accounts (by PLN 197,677 thousand, i.e. by 22.9%).
- Total equity as at 31 December 2014 amounted to PLN 7,348,585 thousand. An increase of total equity by PLN 127,363 thousand, i.e. by 1.8% compared to the previous year was due to:
 - net profit generated by the Bank in the amount of PLN 971,423 thousand in the audited financial year;
 - payment of dividend from the profit for 2013 in the amount of PLN 934,216 thousand;
 - increase of revaluation reserve related to a difference from valuation of financial assets available-for-sale (net) by PLN 95,812 thousand;
 - decrase of supplementary capital related to actuarial losses on valuation of defined benefit plans (net) by PLN 5,656 thousand.
- The higher level of financing influenced mainly an increase of financial assets held-fortrading and amounts due from customers (an increase by PLN 6,974,536 thousand, i.e. by 121.4% and by PLN 1,734,519 thousand, i.e. by 11.7% respectively compared to the balance as at the end of 2013).

- As at 31 December 2014, financial assets held-for-trading amounted to PLN 12,721,335 thousand and comprised mainly Treasury bonds in the amount of PLN 6,944,306 thousand and derivative instruments in the amount of PLN 5,624,460 thousand. The balance of the Treasury bonds valuation increased by PLN 4,842,770 thousand, i.e. by 230.4% and derivative instruments valuation increased by PLN 2,093,334 thousand, i.e. by 59.3%.
- As at 31 December 2014, an increase in valuation of derivative instruments both in financial assets held-for-trading and financial liabilities held-for-trading was primarily due to increase in valuation of interest rate swaps (an increase by PLN 1,889,794 thousand, i.e. by 64,9% on the assets side and by PLN 1,973,248 thousand, i.e. by 67,2% on the liabilities side).
- As at the end of the audited year, amounts due from banks amounted to PLN 2,065,614 thousand and decreased by PLN 1,474,308 thousand, i.e. by 41.6% mainly due to a decrease of amounts payable as a result of purchasing securities with repurchase agreement (a decrease by PLN 1,160,179 thousand) and a decrease in the balance of deposits (a decrease by PLN 208,037 thousand).
- As at 31 December 2014, the net balance of amounts due from customers amounted to PLN 16,545,902 thousand. At the end of 2014, the gross loan portfolio amounted to PLN 17,282,540 thousand and comprised mainly of loans and advances due from the non-financial sector entities in the gross amount of PLN 14,142,915 thousand, unlisted debt securities in the amount of PLN 1,118,225 thousand, purchased receivables in the amount of PLN 1,006,797 thousand, and receivables from purchased securities under repurchase agreements in the gross amount of PLN 599,899 thousand. An increase of amounts due from customers was mainly due to an increase of the balance of loans and advances due from the non-financial sector entities by the gross amount of PLN 1,220,946 thousand, as well as an increase in the balance of PLN 499,110 thousand.
- The balance of impairment allowances for amounts due from customers decreased by PLN 185,333 thousand, i.e. by 20.1% and as at 31 December 2014 amounted to PLN 736,638 thousand. This decrease resulted largely from a decrease in the impairment allowances of amounts due from individual customers (a decrease of PLN 140,491 thousand, i.e. by 26.2%), mainly as a result a sale of a part of a retail exposure and an improvement of the quality of a loan potrfolio. As at 31 December 2014, the share of impaired loans and advances in the total balance of loans and advances decreased by 2.4 pp. and amounted to 5.0%.
