

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Securities are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any "retail investor" in the United Kingdom ("UK"). For these purposes, a "retail investor" means a person who is neither: (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); nor (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (the "POATRs"). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation"), or disclosure document required by the FCA Product Disclosure Sourcebook ("DISC"), for offering, selling or distributing the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling or distributing the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation or DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

Any person making or intending to make an offer of the Securities in any Member State of the EEA may only do so:

- (a) in those Public Offer Jurisdictions mentioned in item 9 of Part B below, provided such person is one of the persons mentioned in item 10 of Part B below and that such offer is made during the Offer Period specified for such purpose therein and that any conditions relevant to the use of the Base Prospectus are complied with; or
- (b) otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer.

None of the Issuer, the CGMFL Guarantor and any Dealer has authorised, nor do any of them authorise, the making of any offer of Securities in any other circumstances.

For the purposes hereof, the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended).

The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State thereof. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the CEA. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the CFTC thereunder. The Issuer has not registered and will not register as an investment company under the U.S. Investment Company Act of 1940, as amended.

Accordingly, the Securities are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted Non-U.S. Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted Non-U.S. Purchaser in an offshore transaction in compliance with Regulation S.

A "**Permitted Non-U.S. Purchaser**" is a person that (i) is outside the United States at the time of any offer or sale of the Securities to it and is not a "U.S. person" as such term is defined under Rule 902(k)(1) of Regulation S or "in the United States" as such term is defined in Rule 202(a)(30)-1(c)(3)(i) under the U.S. Investment Advisers Act of 1940, as amended ("**Advisers Act**"); (ii) does not come within any definition of U.S. person for any purpose under the CEA or any rule, order, guidance or interpretation proposed or issued by the CFTC under the CEA (for the avoidance of doubt, a U.S. person shall include without limitation (a) any person who is either (x) not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons" or (y) not a "foreign located person" as defined in CFTC Rule 3.10(c)(1)(ii) and (b) any person who is a "U.S. Person" or a "Significant Risk Subsidiary", or benefits from a "Guarantee", in each case as such terms are defined in CFTC Rule 23.23(a) under the CEA, as such rule may be amended, revised, supplemented or

superseded); (iii) is not a "U.S. Person" as defined in Rule 3a71-3(a)(4) under the United States Securities Exchange Act of 1934, as amended; and (iv) is not, and whose purchase and holding of the Securities is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.

Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Issuer on its audited historical financial information.

What are the key risks that are specific to the Issuer?

The Issuer is subject to the following key risks:

- The Issuer is subject to intra-group credit risk. From time to time, the Issuer enters into derivative transactions with CGML to offset or hedge its liabilities to securityholders under securities issued by it (which may include the Securities). As such, the Issuer is exposed to the credit risk of CGML in the form of counterparty risk in respect of such derivative transactions. In particular, the Issuer's ability to fulfil its obligations under the Securities is primarily dependent on CGML performing its counterparty obligations owed to the Issuer in respect of such derivative transactions in a timely manner, and any failure by CGML to do so will negatively affect the ability of the Issuer to fulfil its obligations under the Securities. Securityholders will not have any recourse to CGML under any such derivative transactions.
- The Issuer may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Securities are likely to be adversely affected. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers.
- Following the military action by Russia in Ukraine, the U.S. has imposed, and is likely to impose material additional, financial and economic sanctions and export controls against certain Russian organisations and/or individuals, with similar actions implemented and/or planned by the European Union, the UK and other jurisdictions. The Group's ability to engage in activity with certain consumer and institutional businesses in Russia and Ukraine or involving certain Russian or Ukrainian businesses and customers is dependent in part upon whether such engagement is restricted under any current or expected U.S., European Union, UK or other countries' sanctions and laws, or is otherwise discontinued in light of these developments. Sanctions and export controls, as well as any actions by Russia, could adversely affect the Group's business activities and customers in and from Russia and Ukraine. Any negative impact of Russia's actions in Ukraine, and related sanctions, export controls and similar actions or laws on the Group, including the Issuer, could adversely affect the ability of the Issuer to fulfil its obligations under the Securities, and the value of and return on the Securities may also be adversely affected.

Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Guarantor on its audited historical financial information.

Key risks in respect of the Guarantor: The Guarantor is subject to the following key risks:

- The Guarantor is exposed to concentrations of risk, particularly credit and market risk. As regulatory or market developments continue to lead to increased centralisation of trading activities, the Guarantor could experience an increase in concentration of risk, which could limit the effectiveness of any hedging strategies and cause the Guarantor to incur significant losses. The Guarantor may be affected by macroeconomic, geopolitical and other challenges, uncertainties and volatilities, including the military action by Russia in Ukraine (and related sanctions, export controls and similar actions or laws), which may negatively impact the businesses of the Guarantor and its ability to fulfil its obligations under the Securities, and the value of and return on the Securities.
- The Guarantor may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Guarantor and/or any affiliate thereof, the liquidity and market value of the Securities are likely to be adversely affected. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers.
- If the relevant resolution authority is satisfied that the Guarantor is failing or likely to fail, and subject to certain other conditions being satisfied, the Guarantor may be subject to action taken by the resolution authority, including potentially the write down of claims of unsecured creditors of the Guarantor (such as under the deed of guarantee) and the conversion of unsecured debt claims (such as under the deed of guarantee) to other instruments (e.g. equity shares), the transfer of all or part of the Guarantor's business to another entity, or other resolution measures. As a result of any such action, investors could lose some or all of their investment in the Securities.

What are the key risks that are specific to the Securities?

The Securities are subject to the following key risks:

- You should be prepared to sustain a total or partial loss of the purchase price of your Securities. The value of Securities prior to their scheduled redemption may vary due to a number of interrelated factors, including the value, dividend yield and volatility of the Underlying(s) and any changes in interim interest rates if applicable, and a sale of Securities prior to their scheduled redemption may be at a substantial discount from the original purchase price and you may lose some or all of your investment. Further, you will receive no interest during the term of the Securities.
- The Issuer's obligations under the Securities and the Guarantor's obligations under the deed of guarantee represent general contractual obligations of each respective entity and of no other person. Accordingly, payments under the Securities are subject to the credit risk of the Issuer and the Guarantor. Securityholders will not have recourse to any secured assets of the Issuer and Guarantor in the event that the Issuer or Guarantor is unable to meet its obligations under the Securities, including in the event of an insolvency, and therefore risk losing some or all of their investment.
- Securities may have no established trading market when issued, and one may never develop, so investors should be prepared to hold the Securities until maturity. If a market does develop, it may not be very liquid. Consequently, you may not be able to sell your Securities easily or at all or at prices equal to or higher than your initial investment and in fact any such price may be substantially less than the original purchase price. Illiquidity may have a severely adverse effect on the market value of Securities.
- Amounts due in respect of the Securities are linked to the performance of the Underlying(s), which is a share. The value of a share may go down as well as up and the value of a share on any date may not reflect its performance in any prior period. The value and price volatility of a share, may affect the value of and return on the Securities.
- The Securities do not create an actual interest in, or ownership of, an Underlying and accordingly you will not have voting rights or rights to receive dividends or distributions or any other rights with respect to an Underlying. A Security will not represent a claim against an Underlying and, in the event that the amount paid on redemption of the Securities is less than your investment, you will not have recourse under any relevant Security to an Underlying in respect of such Securities. You will have no legal or beneficial interest in an Underlying. You may receive a lower return on the Securities than you would have received had you invested directly in an Underlying or through another product.
- The terms and conditions of Securities include provisions dealing with the postponement of dates on which the price of an Underlying is scheduled to be taken. Such postponement or alternative provisions for valuation provided in the terms and conditions of the Securities may have an adverse effect on the value of such Securities.
- The calculation agent may make adjustments to the terms of the Securities to account for the effect of certain adjustment events occurring in respect of the Securities or an Underlying and/or hedging arrangements, or may replace an Underlying with a new share. Any such adjustments may have an adverse effect on the value of such Securities.
- In certain circumstances (for example, if the calculation agent determines that no calculation, adjustment or substitution can reasonably be made, following an event of default or certain events affecting an Underlying or the Issuer's hedging arrangements, or for reasons relating to taxation or illegality), the Securities may be early redeemed. If the Securities are redeemed early, the amount paid may be less than your initial investment and you may therefore sustain a loss.

- Following the occurrence of a Mandatory Early Redemption Barrier Event, the Securities will be redeemed on the relevant Mandatory Early Redemption Date at the relevant Mandatory Early Redemption Amount. No further amount shall be payable in respect of the Securities after the Mandatory Early Redemption Date. In this case, you are subject to a reinvestment risk, as you may not be able to replace your investment in the Securities with an investment that has a similar profile of chances and risks as the Securities.
