

## We issue audits through Confirmation.com Fast and safe.

We're pleased to announce that as part of initiatives focused on simplifying and digitizing account services, we enable electronic solutions to process bank audits.

[Confirmation.com](https://confirmation.com) is a secure platform that helps auditors verify your financial data. According to our partner's data, more than 4,000 banks (including Citi worldwide), 16,000 audit firms and 1.5 million people around the world trust [Confirmation.com](https://confirmation.com) to verify financial data.

Digitalization of the process will let us to speed up and improve the efficiency of issuing audits, keeping high standards of data security.

Prior to your next audit, please have your auditor register for this service at:

[www.confirmation.com](https://www.confirmation.com)

and send the request to Citi Handlowy via Confirmation platform.

Prepared audit will be also available in the platform.

More info can be found on our partner's website >>

### Key benefits of using [Confirmation.com](https://confirmation.com):

- ▶ **faster audit responses**  
(improvement of the auditor's work allowing to save their time by approx. 50%)
- ▶ **secure information flow**  
(financial data is sent between validated users within the platform, eliminating the risk of financial data being accessed or compromised by an unauthorized party)
- ▶ **reduced paper documentation**,  
thereby another step ahead for the environment
- ▶ **easy access** (no need to log in or register on the platform - your auditor will set up your client profile and authorized signers - all you'll need to do is to provide a digital authority)

In case of any questiones, please contact your auditor or Relationship Manager.
