2. ASSESSMENT OF THE FINANCIAL RESULTS AND GENERAL CONDITION OF THE COMPANY

The year 2024 in Poland was a year of return to economic growth. GDP increased by 2.9%, compared to 0.1% in 2023. The main driver of GDP growth was strong private consumption (it rose by 3.1% y/y compared to a decrease of 0.3% y/y in 2023). At the same time, inflationary pressure gradually weakened over 2024 and average annual net inflation increased to 4.3% from 10.1% in 2023. The Monetary Policy Council kept interest rates unchanged in 2024, and the reference rate was 5.75% throughout 2024. On the other hand, the European Central Bank, in response to receding inflation and economic woes in the largest economies of the eurozone, ended the year with a refinancing rate of 3.15% compared to 4.5% at the beginning of 2024. As a result, the year 2024 was mainly the time of a strong zloty.

The persistently high interest rates had a positive impact on the financial results of the banking sector in Poland. As a whole, the sector generated record revenues, which exceeded PLN 131 billion. The main growth driver was net interest income, which rose by 12% y/y versus 2023. While the growth of operating expenses reached a double-digit level (+11% y/y), it was still half the revenue trend. As a result, the net profit of the banking sector amounted to PLN 42 billion. Nevertheless, the banking sector remained under strong pressure from legal costs related to the ongoing proceedings regarding Swiss franc loans.

The Bank's net profit was PLN 1,792 million in 2024.

Operating revenues of the Bank amounted to PLN 4,483 million in 2024 and were comparable to 2023 level. Net interest income accounted for 72% of operating revenues. Fee and commission income increased by 1.7% from 2023 and this increase was generated mainly by the Institutional Banking segment. The positive trends prevailing in the capital market in 2024 contributed to the increase in revenues from brokerage and custody activities. The value of in-session transactions concluded through the Bank's Brokerage Department in the equity market amounted to PLN 27.5 billion and increased by 29.7% compared to 2023. The above increases were partially offset by the Consumer Banking segment and higher acquisition costs in the area of payment and credit cards.

In 2024, operating and general administrative expenses and depreciation & amortization amounted to PLN 1,546 million and were higher by PLN 108 million (i.e. 7.5%) compared to 2023. The increase in costs was primarily due to higher costs related to remuneration due to the prevailing wage pressure and higher employment. The Bank also incurred higher regulatory costs arising from a higher contribution to the compulsory bank restructuring fund under the Bank Guarantee Fund.

In 2024, the result on expected credit losses stood at PLN 16.5 million (positive impact on the profit and loss account) compared to PLN 18.1 million (negative impact) in 2023. The decrease in net impairment losses concerned the Consumer Banking segment primarily due to the reversal of the management adjustment made during the outbreak of the COVID pandemic and the refreshing of model parameters (including primarily the LGD parameter due to higher recoveries on the impaired portfolio).

The Bank's lending increased by 6.5% y/y in 2024, thanks to a higher amount of the loans taken by clients of the Institutional Banking segment. Clients of Commercial Bank and Corporate Clients showed the greatest demand for funding. In 2024, the value of loans granted by Institutional Banking increased by 23% y/y, which shows that the Bank is well prepared to support clients implementing their strategic plans. A slight increase in loan volumes also occurred in the Consumer Banking segment, as a result of higher balances of mortgage loans and cash loans.

At the same time, in the Consumer Banking segment, the Bank achieved significant growth in the strategic area of Wealth Management. The number of Citigold Private Clients rose by 7% y/y, while the average Total Relationship Balance level increased by 8% y/y.

Capital ratios of the Bank are maintained at levels significantly above the regulatory requirements: Total Capital Ratio (TCR) and TLAC TREA are 20.9% and 24.4%, respectively. The Supervisory Board believes that the level of capitals maintained by the Bank is sufficient to ensure its financial security, as well as the security of deposits entrusted to it, and to stimulate its further growth.

The most significant risk driver in 2024 is still the armed conflict between Russia and Ukraine. Any escalation or extension of the conflict could lead to a depreciation of the zloty and other emerging market currencies, as well as it could result in raising again commodity prices, predominantly of oil and gas. Such conditions could have a negative impact on the operations of clients in energy-intensive industries. A source of substantial risk is the persisting uncertainty regarding the scale and sustainability of the economic recovery in the eurozone, as Poland's primary trading partner. A sluggish production activity in the western part of Europe could have a negative impact on Polish industry, curbing demand for Polish exports.

The Bank also monitors changes in the legal environment resulting from court decisions concerning, among other things, mortgage loans indexed to foreign currencies, refunds of commissions on prepaid consumer loans and claims arising from the free credit sanction related to consumer loans.

In connection with the above, the Supervisory Board will continue to cooperate closely with the Management Board to examine the impact of the above-mentioned risk factors on the situation of the Bank.

Taking into consideration the financial results achieved, the business profile of the Bank and the stable capital and liquidity ratios, as well as the consistent and coherent strategy of the Bank, the Supervisory Board's assessment of the activities of the Bank in 2024 is positive. Simultaneously, the Supervisory Board is convinced that both already started and planned initiatives will contribute to an increase in shareholder value by allowing the Bank to achieve optimal financial results and reinforce its market position despite a challenging market environment.

3. ASSESSMENT OF RATIONALITY OF THE BANK'S POLICY IN THE AREA OF CORPORATE SOCIAL RESPONSIBILITY AND SPONSORING

3.1. Corporate social responsibility of the Bank

The Bank is an institution which, since the beginning of its 150-year history, has considered social and environmental aspects in its decisions, and which follows the expectations of both its business and social partners.

The Citi Handlowy Leopold Kronenberg Foundation is an entity which comprehensively implements the Bank's Corporate Social Responsibility strategy.

The Citi Handlowy Leopold Kronenberg Foundation pursues its goals by conducting its own initiatives and provides substantive support for projects funded by the Citi Foundation. Among the Foundation's own initiatives implemented in 2024, the following ones are especially worth mentioning:

Support for Ukraine

In 2024, the Support Ukraine program continued activities to integrate the Ukrainian community into Polish society, especially persons affected by the migration crisis. Projects aimed at professional activation of people from Ukraine were also implemented. The program covers the full range of activities of the Citi Handlowy Foundation: skill-improvement volunteering, sports volunteering, support for entrepreneurs, support for women, education and support for children and teenagers. Those activities are carried out in cooperation with Citibank Ukraine, as part of projects financed by the Citi Foundation and the Citi Handlowy Foundation.

In 2024, a number of activities were implemented in cooperation with the "Ukrainian Home" Foundation, Polish Center for International Aid and the "Mamo Pracuj" (Work, Mom) Foundation, which support the integration of Ukrainian citizens with the Polish society. Thanks to the commitment of #CitiVolunteers, a meeting took place at Citi Handlowy for children from the PCPM Educational Center with the Bank's experts, as well as training sessions regarding the Polish labor market were arranged. #CitiVolunteers also helped by offering consultation about the process of looking for a job in Poland.

Volunteering

In 2024, the Citi Employee Volunteering Program included two projects where #CitiVolunteers were encouraged to get involved: Citi Global Community Day (GCD) and "Become Santa's Helper." Additionally, both the Citi Handlowy Foundation and Citi volunteers got involved in supporting flood victims.

GCD in 2024 in Poland brought record-high results in the 19-year history of the initiative. In under 50 days, 160 projects were organized, with volunteers engaging 3,686 times together with their families and friends. The efforts encompassed a wide scope of activities: cleaning and physical

works, sharing knowledge, sports activities, packing packages and preparing thousands of sandwiches for those in need.

This year's celebrations were organized with an even greater involvement from the partners – both business and social ones. Many projects were implemented in cooperation with other companies and clients of Citi in Poland, as well as organizations financed by the Citi Foundation. Involved in the activities were also members of the Citi Alumni network, who contributed to the diversity of the undertaken initiatives.

An important element of the GCD 2024 was sports volunteering, which combined physical activity with helping others. Participants in the IRONMAN Warsaw relays included both volunteers and business partners and Paralympians, supported by Citi as a partner of the Polish Paralympic Committee. The fan zone at the races became a space for building relationships and educating children in the spirit of cooperation and help.

2024 in Poland saw one of the major humanitarian challenges of recent years – the flood in September, which devastated the regions of Nysa and Kłodzko, leaving thousands of people in need. In the face of this disaster, the Citi Handlowy Foundation, with the support of #CitiVolunteers, immediately took action to help the victims. The comprehensive support included collections of gifts as well as specific activities in the field.

As a first response measure, a collection of gifts was organized for the charges of the St. Brother Albert Aid Society in Kłodzko. With a joint effort, we managed to collect the most essential items, such as towels, disposable tableware, rain boots and cleaning products. The collections organized in Warsaw, Łódź and Olsztyn resulted in a full truck of gifts being delivered to Kłodzko, which allowed the Society to quickly resume its operation and support people affected by homelessness and poverty.

In Olsztyn, volunteers answered the plea of the Food Bank, which was struggling with an abundance of gifts that needed packaging. Throughout week 26 #CitiVolunteers sorted and arranged packages with the most essential items, thus helping speed up the process of sending help to the most suffering regions.

The Nursing Home in Nysa received special attention of the volunteers – 14 of them worked really hard to prepare the Home for the return of its residents. They cleaned rooms and medical beds, removed debris and mud, as well as painted walls and ceilings, thus creating safe and friendly conditions for the residents. Helping flood victims also became an integral part of the Become Santa's Helper project.

In 2024, the Become Santa's Helper project focused primarily on supporting people from Ukraine and survivors of the flood in Poland. Owing to the engagement of #CitiVolunteers, a unique platform was designed to allow everyone to find their own unique way of helping others in the spirit of Christmas solidarity.

Special attention under the project was devoted to those most in need. The packages for the flood survivors went to the Order of Malta's Assistance Foundation and the St. Brother Albert Aid Society in Kłodzko, which provide products necessary to rebuild people's everyday life. As part of these activities, it was also possible to donate gifts to organizations providing direct support to people from Ukraine – St. Jan Bosko Oratory Association in Warsaw and the Warsaw Family Assistance Center.

The Professor Aleksander Gieysztor Award

On 14 March 2024, a ceremonious Gala was held at the Royal Castle in Warsaw for the 25th Aleksander Gieysztor Award granted by the Citi Handlowy Leopold Kronenberg Foundation for outstanding achievements in the field of protection of the cultural heritage. The anniversary ceremony was an opportunity to summarize the achievements made so far and honor people and institutions which, through their activities, contribute to preserving and promoting Polish cultural heritage, while inspiring future generations to take similar initiatives.

The winner of the 25th edition of the Award was Professor Andrzej Rottermund for his lifetime achievements in cultivating and protecting cultural heritage in Poland and abroad, and for his efforts to preserve and revitalize Warsaw's monuments over several decades.

Toward the end of 2024, new submissions were received for the 26th edition of the Award. The awards gala took place on 18 March 2025.

Enterprise support programs

With funds from Citi Foundation, 5 social programs to support enterprise development and social integration of refugees were carried out in cooperation with the Foundation:

The 10th edition of the Business in Women's Hands program was attended by 65 women who took advantage of comprehensive support.

 - language courses – 304 participants participated in Polish or English courses (48 hours per participant),
 - workshops based on the Gallup test – 237 women drafted their plans of professional development based on the identified talents and strengths.

Financial Education

In 2024, the Citi Handlowy Foundation played an important role in promoting financial education in Poland, by becoming actively involved in the celebrations of the Year of Economic Education. It was a nationwide initiative aimed at raising awareness and financial competences of Poles as well as building good practices in managing finances.

The Foundation submitted its projects within the activities undertaken as part of the Year of Economic Education, underlining its experience in developing economic competences in the society. These initiatives encompassed both educational projects and participation in key business and economic events, such as the European Financial Congress (EFC) and the European Forum for New Ideas (EFNI).

The involvement of the Citi Handlowy Foundation in the Year of Economic Education manifests its long-term involvement in building financial competences as a key aspect of a sustainable economic growth of Poland. Thanks to its active presence in the public debate, the Foundation emphasized its leading role in promoting economic education as the foundation of a conscious society.

Food Bank in Olsztyn

In 2024, the Citi Handlowy Foundation continued the strategic cooperation with the Food Bank in Olsztyn, implementing a number of initiatives supporting the fight against poverty and improvement of the food security. The Foundation provided substantive support to the program "Food Is the Greatest Human Need", which received a grant in 2023 in the competition Global Innovation Challenge organized by the Citi Foundation.

It is a program implementing the assumptions of social economics, the goal of which is not only to support people in need, but also to build local communities that can be self-sufficient in the future. The program will run until the end of 2025. Under the program, the Food Bank in Olsztyn, in cooperation with its local partners, started activities aimed at establishing social enterprises such as social shops and culinary social cooperatives. The initiative is also about placing foodsharing fridges in the public space to support people at risk of social exclusion.

As a result, cooperation was established with four social consortia, which signed agreements and understandings for providing substantive support:

- Smaki Spółdzielnia Socjalna ("Flavors" Social Cooperative) from Olsztyn
- Konsorcjum Wspólna Kuchnia (Common Kitchen Consortium)/Mazurski Bank Żywności Fundacja IC (Mazurski Food Bank Foundation IC) from Pisz
- Fundacja Archipelag Marzeń ("Achipelago of Dreams" Foundation) from Tolkmicko
- Food Bank from Olsztyn

Full description of its activities is available in the Bank's Annual Report and on the website www.kronenberg.org.pl

3.2. Sponsorship activities

For the sixth consecutive year, Citi Handlowy was a partner of the Polish Paralympic Committee to jointly implement activities conducive to building a more integrated society. In 2024, we supported the "Be Active" project implemented by the Polish Paralympic Committee Foundation, thanks to which 300 young people with disabilities from all over Poland could participate in training and sports camps throughout the year under the care of specially trained certified coaching staff. The project guaranteed a total of 75,000 hours of sports training in 75 sports sections. To support this project, Citi Handlowy employees in the Live Well at Citi team covered a distance of a total of 12,500 km during various sports events.

The Bank joined the promotion of social spots prepared by Citi in connection with the Paralympic Games in Paris. The aim of the *What happened* campaign was to show remarkable para-athletes who amaze and surprise the world with their sports results. At the same time, Citi Handlowy encouraged people to support them during the Paralympic Games in Paris. As part of the promotion of Paralympic movement, the Bank also funded prizes for participation in the ORLEN Paralympic Run – a run that brings together all those who want to do sports, regardless of their level of fitness. The Bank's employees were participants and volunteers during this event.

For the seventh time, the Bank was a committed sponsor, partner and active participant of the prestigious IRONMAN triathlon competition, which took place in 3 Polish cities: Warsaw, Gdynia and Poznań. This year, Citi employees in Poland, corporate clients and Paralympic champions took part in the 5150 relay races in an unusual line-up. On the 40th anniversary of triathlon in Poland, more than 30 teams and more than 100 competitors of the Live Well at Citi team took part to combine sports struggles with support for people with disabilities. Citi Handlowy's employees and customers were joined by titled paraathletes – multi-medalists of the European Championships, the World Championships and the Paralympic Games. The president of the Polish Paralympic Committee Łukasz Szeliga, the Paralympic athlete Wojtek Makowski – silver medalist of the Paralympic Games in Rio de Janeiro in swimming and the Polish champion in paratriathlon Natasza Jaworska took part wearing blue jerseys. In Gdynia, the relay team at the cycling stage was joined by Witold Skupień, a Paralympic athlete, multi-medalist of the World Championships in cross-country skiing and World Champion in the 18 km classic technique race.

Citi Handlowy for Olsztyn – support for the city and the region

Together with the Citi business services center and as one of the region's largest employers, Citi Handlowy has been supporting the Olsztyn community and issues important to the residents of the Warmia-Mazury region for more than 20 years. In 2024 the Bank was, once again, a strategic partner of the Most Popular Athlete of Warmia and Mazury Award, and the Bank's

representatives presented awards in the Athlete of the Year and Athlete without Barriers categories.

Citi Handlowy, together with Citi Solutions Center, was the title partner of the Citi Warmia Run Challenge 2024 Olsztyn for the second time. In the competition at Koszary Park in Olsztyn, 118 Live Well at Citi competitors took part in three distances: 5, 10 and 21.1 kilometers. The event promoted an active lifestyle combined with a social goal: supporting the Polish Paralympic Committee's project, "Be Active" ("Bądź Aktywny").

The Bank was also a partner of the European Financial Congress, where, among other events, Citi experts together with Polish business leaders discussed the challenges of the energy transformation in Poland and Europe. As inspiration, the Bank presented a *case study* of a company it supported during a full-scope energy transformation.

The Bank also continued its cooperation with the American Chamber of Commerce (Amcham) to share knowledge from the global Citi organization with members of the Chamber at expert meetings, discuss American investments in Poland during the Economic Forum in Karpacz, and organize network meetings for clients.

The Supervisory Board assesses that the Bank's policy in the field of social responsibility and sponsorship activities is rational, supports the Bank's mission and strategy, builds a positive brand image and takes into account the needs of various stakeholders of the Bank.

In particular, remuneration paid in 2024 could have been awarded in the years preceding the year of payment. In 2024, members of the Supervisory Board were not granted any variable remuneration. The remaining members of the Supervisory Board did not receive remuneration in 2024.

2) Total remuneration of the members of the Management Board and Supervisory Board of the Bank versus the adopted Policy

The Bank differentiates the amount of fixed remuneration of Management Board members taking into account professional experience, requirements in terms of competencies and the role in the management process, which allows the Bank to attract and retain talented managers who support its development and success.

The variable remuneration granted to members of the Management Board in 2024 was determined in a way that promotes prudent management of the Bank, is based on financial and non-financial results and does not reward inappropriate decisions. The pool for variable remuneration of the members of the Management Board was verified to determine whether the Bank has a sound and strong capital base justifying the payment of variable remuneration at the proposed level, that it does not limit the Bank's ability to enlarge its capital base. and that it is adequately justified by the financial standing of the Bank.

In order to align decisions regarding remuneration of Management Board members with the interests of shareholders, effective management of risks and ensuring compliance with regulatory requirements, part of the variable remuneration:

- was granted in financial instruments, i.e. existing shares of the Bank or phantom shares linked to the value of the Bank's shares on the Warsaw Stock Exchange, and
- was subject to deferral for 4 or 5 years, i.e. proportionately divided into 4 or 5 tranches respectively with the possibility to acquire the rights to a given tranche after each year of deferral; payment is made no sooner than after a 6 or 12-month retention period from the moment of acquiring the rights to a given deferred tranche.

The acquisition of rights to deferred variable remuneration in 2024 was subject to verification, in particular, in terms of the Bank's financial condition and compliance of individual members of the Management Board with the standards concerning the guarantee of safe and prudent management of the Bank, i.e.:

- The Head of the Human Resources Management Division confirmed the issues related to employment and potential breach of employee duties,
- The Vice-President of the Bank's Management Board who oversees the Financial Management Sector confirmed the information on the financial standing of the Bank and the financial statements,

- The Vice-President of the Bank's Management Board who oversees the Risk Management Sector confirmed the information on the risk management processes.

In order to avoid a conflict of interest, for the Vice-President of the Bank's Management Board who oversees the Financial Management Sector and the Vice-President of the Bank's Management Board who oversees the Risk Management Sector, the above-mentioned information, which is within the scope of their responsibility, was confirmed on behalf of the President of the Management Board by the authorized Vice-President of the Management Board.

In 2024, decisions regarding the granting of variable remuneration and the acquisition of rights to deferred variable remuneration for previous years were made by the Supervisory Board of the Bank based on the recommendations and opinions of the Nomination and Remuneration Committee of the Supervisory Board, arising from the prudent and stable management of risks, capital and liquidity, as well as special care for the long-term good of the Bank and the interests of the Bank's shareholders, investors and stakeholders.

In order to avoid a conflict of interest, no variable remuneration (related to performance) was awarded to members of the Supervisory Board in 2024.

3) Application of the performance criteria in the remuneration of members of the Management Board and Supervisory Board

The results are verified before variable remuneration is awarded (ex-ante) and at the stage of making decisions on vesting of deferred variable remuneration (ex-post).

In 2024, the Bank applied the following ex-ante verification criteria:

The criteria related to the Bank's results applied to determine the pool allocated for variable remuneration for members of the Management Board awarded in 2024 are described in point 2) of this report.

The variable remuneration of individual members of the Management Board was awarded on a discretionary basis, taking into account financial and non-financial criteria, such as approach to risk-taking and compliance with regulations, in order to reflect the performance of members of the Management Board and to limit the incentive to take risks that go beyond the overall risk appetite adopted by the Bank.

The amount of variable remuneration granted depends on the assessment of individual performance and the financial results of the Bank or the relevant organizational unit. The performance assessment is based on the data for three financial years, which takes into account the economic cycle and the risk related to the business activity of the Bank. In the case of persons employed for less than 3 years, the assessment of performance at the Bank covers the data from the moment the employment relationship was established.

In 2024, the Bank applied the following ex-post verification criteria:

Variable remuneration is vested and paid out if the criteria are met at the individual level and depending on the financial standing of the Bank.

The amount of the deferred portion of the award to be paid out may have been decreased or completely reduced by the Supervisory Board if:

- the standards concerning the guarantee of safe and prudent management of the Bank have not been met, which is verified by checking whether:
 - members of the Management Board grossly violated their employee obligations, and in particular they were involved in activities that resulted in significant losses for the Bank or were responsible for such activities; or
 - members of the Management Board knowingly participated in providing materially inaccurate information regarding the financial statements of the Bank; or

- a material failure in risk management has occurred; or
- members of the Management Board have materially infringed any risk limits;
- the situation referred to in Article 142(1) of the Banking Law has occurred; or
- it was established that members of the Management Board received variable remuneration based on materially inaccurate financial statements; or
- the Bank has suffered a material downturn in its financial performance; or
- a net loss, threat of insolvency or loss of liquidity by the Bank has occurred.

The rights to each tranche of deferred award were vested depending on the Bank's results in the calendar year directly preceding the date of acquisition of the rights to a given tranche ("Relevant Performance Year").

If the Bank incurred a loss calculated as a pre-tax loss for the Relevant Performance Year, then the tranche of deferred variable remuneration distributed as financial instruments that could have been vested during the calendar year following the end of the Relevant Performance Year would be reduced (but not below zero) by the percentage determined as:

(i) the absolute value of the pre-tax loss incurred by the Bank in the given Relevant Performance Year, divided by

(ii) the absolute value of the highest pre-tax profit achieved by the Bank in the period of three calendar years before that Relevant Performance Year. Irrespective of the above, if the Bank suffered a loss calculated as a pre-tax loss for the Relevant Performance Year in any amount, the minimum percentage reduction of 20% would apply.

The amount of pre-tax profit (or loss) for each applicable Relevant Performance Year is the total amount of pre-tax profit (loss) from the current operations of the Bank. The results for 2024 were determined on the basis of the financial statements prepared in accordance with IFRS, covering the audited results for the first three quarters (as reported to the WSE and relevant public authorities), and the last quarter of the year covered the actual results for the first two months of that quarter and the estimates for the last month. The estimates were determined by the Finance Department of the Bank and they were final and binding regardless of the actual final results.

If the absolute value of the pre-tax loss incurred by the Bank for a given Relevant Performance Year were equal to or higher than the total value of the highest pre-tax profit in the Bank's calendar year in the Measurement Period, then the Management Board members would not be entitled to receive the tranche in question.

In 2024, there were no reductions of variable remuneration in connection with performance-related adjustment for any of the Management Board members.

In accordance with the Policy, the Supervisory Board members were only granted fixed remuneration in 2024, and its value does not depend on the Bank's performance. They received no variable remuneration, therefore no performance-related criteria were applied to remuneration of members of the Supervisory Board.

4) Changes in the remuneration of members of the Management Board and Supervisory Board of the Bank, the Bank's results and the average remuneration of the Bank's employees who are not members of the Management Board or Supervisory Board, over the last five financial years

Explanations and comments to the table:

- 1) Values are presented in thousands of PLN.
- 2) Data indicated for a given year refer to the percentage change in value between the year for which the data is presented and the preceding year.
- 3) The calculation of changes in the average remuneration of other employees was made on the basis of the gross income of these employees in a given year and the total number of full-time equivalents (FTEs) of these employees; remuneration and other benefits of members of the Management Board and Supervisory Board are shown only on an individual basis. The values presented in the table above do not include compensation for the non-competition clause in accordance with the explanation marked with "****" in point 8) below.
- 4) Calculation of changes in the Bank's results was made based on the Bank's net result for the relevant years.
- 5) Payments to former members of the Management Board made after the termination of the contract are related to the payments of deferred tranches of variable remuneration in cash and phantom shares of the Bank.

- 6) “**” means the first year of holding a function in the Bank; for persons not employed for the entire year, significant % increases in remuneration in the following year are largely due to a comparison of the full period of holding the function to the incomplete base reference year.
- 7) “***” means the first year in which the member of the Management Board or Supervisory Board Member did not receive remuneration after such member ceased to hold the function.
- 8) “****” values presented in the table do not cover the compensation paid for non-competition clause to: Mr. Witold Zieliński in 2019 in the amount of PLN 151,000, Mr. David Mouillé in 2020 in the amount of 903,000 and in 2021 in the amount of PLN 181,000, Mr. Sławomir S. Sikora in 2021 in the amount of PLN 3,248,000, Mr. James Foley in 2022 in the amount of PLN 600,000 and in 2023 in the amount of PLN 300,000, and Mr. Dennis Hussey in 2022 in the amount of PLN 451,000 and in 2023 in the amount of PLN 632,000. PLN.

5) Remuneration of members of the Management Board and Supervisory Board from entities from the same capital group

Members of the Bank’s Management Board seating on supervisory bodies of the Bank’s subsidiaries did not receive remuneration for their services in 2024.

Members of the Bank’s Supervisory Board did not hold any functions on management or supervisory bodies of the Bank’s subsidiaries and therefore did not receive remuneration from those entities in 2024.

6) Remuneration of members of the Management Board and Supervisory Board in the form of financial instruments

Members of the Management Board receive variable remuneration in the form of financial instruments. On 16 December 2022, the Extraordinary General Meeting of Shareholders decided to implement incentive programs that are based on existing shares of the Bank. In the event that the Bank is unable to transfer a sufficient number of its shares in relation to the number that must be transferred to the Eligible Persons, adopted amendments to the Policy allow for the continuation of remuneration of members of the Management Board based on phantom shares or, depending on the Bank's situation and decision, on the basis of phantom shares and shares of the Bank. The Policy allows for 1:1 conversion of phantom shares granted before the adoption of the amendments, provided that an appropriate agreement is signed with the employees concerned. On 29 December 2023, the Polish Financial Supervision Authority (KNF) has granted the Bank the permission, referred to in Article 77 and Article 78(1) of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, regarding the buy-backs of treasury shares by the Bank. The Bank’s share buybacks commenced in January 2024.

On 26 June 2024, the Bank made an offer to members of the Management Board to acquire shares of the Bank. By 22 July 2024, the Bank started a transfer of the Offer Shares to those members of the Management Board who had accepted the offer. Those members of the Management Board who had not accept the offer to acquire shares received phantom shares.

Phantom shares are financial instruments the value of which is linked to the value of the Bank’s shares; they are not actual shares, are not redeemable for actual shares of the Bank, and are not entitled to vote or receive dividends or other distributions from the Bank which holders of actual shares of the Bank may be entitled to receive; they do not represent an ownership interest of any kind in the Bank, any other entity or any assets; they have no independent value and they only stand as a measure of the cash value of variable remuneration by reference to the market price of the Bank’s shares.

On the settlement date, members of the Management Board are paid the amount of cash which is the product of the number of the phantom shares vested and the mean value of the high and low price of the Bank’s shares on the Warsaw Stock Exchange on the award maturity date (end of retention period). Each time, vesting is confirmed by a decision of the Supervisory Board. For the financial instruments granted until 2022, during the deferral period and retention period members of the Management Board are entitled to receive dividend equivalents in respect of any dividends that are

declared and paid to holders of ordinary shares of the Bank. For financial instruments awarded from 2023 on, dividend equivalents are due only during the retention period.

The table below presents information on the financial instruments granted (including conditionally) to members of the Management Board in 2024 (for 2023) which may be paid out in 2024-2030.

7) Information on the use of the possibility to reclaim variable remuneration

The Remuneration Policy for Management Board and Supervisory Board Members of Bank Handlowy w Warszawie S.A. does not provide for the possibility to reclaim variable remuneration.

According to this Policy, the amount of the deferred portion of the variable remuneration to be paid to members of the Management Board may be decreased or completely reduced by a decision of the Supervisory Board using the ex-post verification criteria described in point 3) of this report. In 2024, no reductions in the variable remuneration of any of the Management Board members were made as part of a performance-related adjustment.

In 2024, members of the Supervisory Board were not awarded any variable remuneration.

8) Deviations from the procedure for the implementation of the Policy and from the application of the Policy

The Remuneration Policy for Management Board and Supervisory Board Members of Bank Handlowy w Warszawie S.A. was approved by the Supervisory Board after considering the opinion of the Nomination and Remuneration Committee of the Supervisory Board, and afterwards it was adopted upon a resolution of the General Meeting of Shareholders dated 4 June 2020. The Policy was updated on 14 November 2022 due to the introduction of the option to pay remuneration granted in financial instruments in the form of existing shares of the Bank.

The remuneration of members of the Management Board and Supervisory Board of the Bank was awarded and paid in accordance with the Policy.

Since the adoption of the Policy on 4 June 2020, there have been no deviations from the procedure for implementing the Policy or from the application of the Policy.

5. THE ASSESSMENT OF FUNCTIONING OF REMUNERATION POLICY AT BANK HANDLOWY W WARSZAWIE S.A.

The obligation of the Supervisory Board to assess the functioning of the remuneration policy at Bank Handlowy w Warszawie S.A. results from § 28 (3) of the Principles of Corporate Governance for

Supervised Institutions issued by the Polish Financial Supervision Authority (KNF) on 22 July 2014 and effective from 1 January 2015.

In 2024 remuneration-related issues in Bank Handlowy w Warszawie S.A. (the “Bank”) were governed by:

- the Remuneration Policy for Management Board and Supervisory Board Members of Bank Handlowy w Warszawie S.A. (“Remuneration Policy for Management Board and Supervisory Board Members”) adopted by way of resolution of the General Meeting of Shareholders dated 4 June 2020, as amended,
- the Remuneration Policy for employees of Bank Handlowy w Warszawie S.A. (“Remuneration policy for employees of the Bank”) adopted by way of resolution of the Bank’s Supervisory Board dated 22 December 2017, as amended, and
- the Remuneration Policy for Persons whose Professional Activity Significantly Influences the Risk Profile of Bank Handlowy w Warszawie S.A. (“Eligible Persons Remuneration Policy”) dated 22 December 2017, as amended,
- Transaction-related Award Policy dated 16 June 2021, as amended

jointly referred to as the “Remuneration Policy”.

Remuneration Policy for Management Board and Supervisory Board Members implements provisions regarding shaping of the rules of remuneration set forth in the Act of 29 July 2005 on public offering, conditions governing the introduction of financial instruments to organized trading, and on public companies. It sets out the principles for remunerating Members of the Management Board and Members of the Supervisory Board of the Bank, contributing to implementation of the strategy of the Bank, effective risk management, its long-term interest and stability.

Remuneration policy for employees of the Bank implements requirements regarding structuring of the remuneration principles in banks provided for in the provisions of law, the Principles of Corporate Governance for Supervised Institutions adopted by the Polish Financial Supervision Authority (“Principles of Corporate Governance”), Best Practice for WSE Listed Companies 2021, recommendations of the Polish Financial Supervision Authority covering banking sector, Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector and takes into account Guidelines of the European Banking Authority on sound remuneration policies under Articles 74(3) and 75(2) of Directive 2013/36/EU and disclosures under Article 450 of Regulation (EU) No 575/2013, Guidelines of the European Banking Authority on remuneration policies and practices related to the sale and provision of retail banking products and services, Guidelines of the European Securities and Markets Authority on remuneration policies and practices (MiFID). It covers remuneration procedures and rules in the Bank and sets out the principles for remunerating other employees of the Bank, including in particular persons holding key functions at the Bank identified pursuant to the “Qualification Assessment Policy for Members of the Management Board and Key Function Holders of Bank Handlowy w Warszawie S.A.” (hereinafter Key Persons), persons whose professional activities have a material impact on the risk profile of the Bank, employees involved in selling Bank’s products and services and persons employed in control functions.

Eligible Persons Remuneration Policy implements the provisions regarding the shaping of the rules of remuneration set forth in the Act of 29 August 1997 Banking Law (as amended), in the Regulation of the Minister of Development and Finance of 8 June 2021 on the risk management system and the system of internal control and remuneration policy in banks, Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector as well as other generally applicable provisions of law and takes into

account the Guidelines of the European Banking Authority on sound remuneration policies under Directive 2013/36/EU, as amended, and EBA Guidelines on internal governance. It covers persons whose professional activities have a material impact on the risk profile of the Bank and specifies the rules of remunerating this category of staff provided for in the Remuneration policy for employees of the Bank.

From the 2022 annual award onwards, all deferred variable remuneration is conditionally awarded in a financial instrument. Simultaneously, the above policies were amended and enhanced by an option to pay remuneration awarded in a financial instrument in existing stocks of the Bank. The remuneration policies allow a 1:1 conversion of phantom stocks granted before the changes were made, provided that a relevant agreement is signed with eligible employees. On 29 December 2023, the Polish Financial Supervision Authority (KNF) has granted the Bank the permission, referred to in Article 77 and Article 78(1) of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, regarding the buy-backs of treasury shares by the Bank. The Bank's share buybacks commenced in January 2024. On 26 June 2024, the Bank made an offer to eligible employees to acquire the Bank's shares. By 22 July 2024, the Bank initiated the transfer of the offered shares to those of the above-mentioned employees who had accepted the offer to acquire them. Phantom shares were paid to those employees who did not accept the offer to acquire shares.

After Citigroup announced, on 15 April 2021, planned changes in the GCB strategy (retail banking), the Management Board of the Bank adopted a policy that allows granting awards for the to-date contribution of employees whose support will be crucial in implementing changes in the strategy for the separated part of Bank Handlowy w Warszawie S.A. (retail segment) – Transaction-related Award Policy. In 2024, under this Policy, the Bank conditionally granted two awards. One of them to an employee who had the status of Eligible Person.

The Remuneration Policy is assessed as follows:

- 1) According to the requirements, the Remuneration Policy covers all employees of the Bank.
- 2) The Remuneration Policy appropriately defines the rules of remuneration of persons covered by the Policy (also its Key Persons), including the form, structure and method of their determination.
- 3) The method of implementing the Remuneration Policy at the Bank and the supervision exercised over the Remuneration Policy ensure that the structure of remuneration of persons covered by it, including Key Persons, supports the long-term stability of the Bank and is in conformity with the strategy, goals and objectives, values and long-term interests of the Bank, specifically such as sustainable growth, and allows for eliminating any potential adverse impact of remuneration systems on adequate risk management.
- 4) The Bank properly implemented all the rules applicable to fixed remuneration included in the Remuneration Policy. In particular, the Bank diversifies amounts paid to persons covered by Remuneration Policy, including Key Persons, as their fixed remuneration taking into consideration their professional experience, requirements concerning competences and functions in the management process of the Bank.
- 5) The Bank ensures appropriate remuneration for internal audit employees and compliance employees so that highly qualified specialists could be hired and retained in those units. The Audit Committee of the Supervisory Board approved the analysis of remuneration for the Audit and Compliance employees at Bank Handlowy w Warszawie S.A.
- 6) The Bank uses the Remuneration Policy, in addition to other measures, to promote reasonable and effective risk management and to prevent risk taking going beyond an acceptable level. Consequently, the remuneration system based on financial and non-

financial performance which is used by the Bank does not reward excessive risk taking in decision making. In particular, the remuneration of each of the Members of the Management Board is determined to promote the prudent management of the Bank and on the basis of financial and non-financial performance without rewarding inappropriate decisions taken by employees.

- 7) While designing and approving the funds allocated to variable remuneration of the Bank's employees for 2024, including Key Persons, the Bank performed their respective verification. It confirmed that the Bank had an appropriate and solid capital base which justified the proposed value of variable remuneration and that it did not limit the Bank's ability to increase its capital base and that it was justified by the financial situation of the Bank.
- 8) The detailed rules applicable to variable remuneration granted to employees having a significant impact on the risk profile of the Bank ("Eligible Persons"), including Key Persons, are regulated by the "Eligible Persons Remuneration Policy."  - a) the Nomination and Remuneration Committee of the Bank's Supervisory Board recommends and justifies the amounts and conditions of variable remuneration for persons covered by the Eligible Persons Remuneration Policy. It also expresses an opinion on the amendments to the Eligible Persons Remuneration Policy, including the amounts of components of remuneration, following the rules of prudent and stable management of risk, capital and liquidity and with special care of long-term interests of the Bank and its shareholders, investors and stakeholders. In 2024, the Nomination and Remuneration Committee of the Supervisory Board held seven meetings.
 - b) The level of variable remuneration for work in 2024 was determined on the basis of financial and non-financial criteria, taking into account the costs of risk, costs of capital and liquidity risk of the Bank in the long term. Such defined variable remuneration was granted on 14 January 2025. For Eligible Persons the variable remuneration was split into immediate and deferred award. Short-term financial instrument award is subject to 6- or 12-month retention period and is paid out after its expiry. Deferred variable remuneration is divided into four or five tranches, which may be vested in employees respectively in years 2025-2028 or in years 2025-2029. The tranches of the long-term award in financial instruments (provided that they have been vested) are paid after the end of the 12-month retention period.
- 9) In 2024, in respect of one Eligible Person, the Bank's Management Board, after obtaining a positive opinion from the Nomination and Remuneration Committee of the Supervisory Board, decided to deprive the person of the right to deferred variable remuneration which had been granted conditionally to that person during the employment relationship but had not vested before the employment contract termination date.
- 10) In 2024, the Bank properly analyzed the roles and the responsibilities of its employees in relation to the key risks managed by the Bank as well as quantitative and qualitative criteria described in Commission Delegated Regulation (EU) No 2021/923 of 25 March 2021 supplementing Directive 2013/36/EU of the European Parliament and of the Council with regard to regulatory technical standards setting out the criteria to define managerial responsibility, control functions, material business units and a significant impact on a material business unit's risk profile, and setting out criteria for identifying staff members or categories of staff whose professional activities have an impact on the institution's risk profile that is comparably as material as that of staff members or categories of staff referred to in Article

In 2024, the list of staff covered by the Eligible Persons Remuneration Policy included 97 persons at the end of the year.

- 11) The Remuneration Policy adopted at the Bank ensures an appropriate method for remuneration of employees involved in the sales of the Bank's products and services, which encourages them to act in an honest, impartial, transparent and professional way, taking into consideration the rights and interests of all Clients of the Bank in the short, medium and long term.
- 12) In 2024, the Bank enhanced those provisions of the Remuneration Policy that ensure compliance with the sustainability risk strategy of the Bank (ESG).
- 13) The Remuneration Policy assumes differentiation of the remuneration of selected employees on the basis of quantitative and qualitative criteria such as approach to taking risk and ensuring compliance with the regulations.

The Supervisory Board positively assesses functioning of the Remuneration Policy applied at the Bank.

In accordance with Article 9ce of the Banking Law Act, the "Diversity Policy for Members of the Management Board of Bank Handlowy w Warszawie S.A." was adopted by the Supervisory Board's Nomination and Remuneration Committee.

The purpose of the Policy is to determine the Bank's strategy on diversity management, consisting in the promotion of diversity to ensure that the process of selection of Members of the Management Board involves candidates that are diverse in terms of their gender, age, education, and professional experience. This is to allow different points of view and experiences and to enable independent opinions to be given as well as reasonable decisions to be made as part of the functions held by them, and to obtain support for the implementation of the Bank's strategic goals by ensuring high-quality performance of the Management Board's role. The Bank's Diversity Strategy embraces the differences stemming from areas of education, experience, gender and age and uses them to achieve the best results. The Bank strives to ensure sufficient representation of both genders on the Management Board. If during the recruitment process for the post of a Management Board Member the Nomination and Remuneration Committee of the Supervisory Board identifies

the possibility of a case of under-represented gender on the Management Board, the Committee shall set a target value for the representation of such under-represented gender. The Bank strives to ensure that the Management Board is composed of members with diverse knowledge and experience.

Under the annual assessment of the members of the Management Board, the Nomination and Remuneration Committee of the Supervisory Board assesses and documents compliance with the Policy.

As part of the assessment of the structure, size, composition and effectiveness of activities of the Management Board, conducted at least annually, the Nomination and Remuneration Committee of the Supervisory Board positively assessed compliance with the Policy on 20 March 2025 for the year 2024. In 2024, the Bank's Management Board consisted of 4 women and 3 men until 31 January 2024 and 4 men and 3 women from 1 February 2024, which means sufficient gender representation on the Bank's Management Board. The age of Management Board members and their experience in financial institutions and in management are varied.

In accordance with the Rules of the General Meeting of Shareholders of Bank Handlowy w Warszawie S.A., when recommending candidates for members of the Supervisory Board, shareholders should follow the guidelines included in the "Qualification Assessment Policy for Members of the Supervisory Board at Bank Handlowy w Warszawie S.A.", which includes the Principles of Diversity of Supervisory Board Members.

Pursuant to the Policy, during an election of members of the Supervisory Board, the General Meeting should take into account the principles of diversity, i.e. it should ensure equal opportunity in those processes for women and men, regardless of the declared gender or age, who have diverse individual knowledge, skills and experience which are at the same time adequate to the positions of members of the Supervisory Board entrusted to them and which complement each other to ensure an appropriate level of collective supervision over management of the Bank, which is verified in a collective assessment of suitability of the Supervisory Board as a whole. Reasonable effort should be made to ensure that, when implementing the diversity assumptions, appropriate standards are complied with, such as equal treatment or combating discrimination or unethical conduct. Ensuring the need for diversity on the Supervisory Board shall not impair proper supervision over the management of the Bank. On 05 December 2024, the Nomination and Remuneration Committee of the Supervisory Board adopted a resolution on the annual evaluation of suitability of Members of the Supervisory Board of Bank Handlowy w Warszawie S.A. In the reporting period, the Supervisory Board of the Bank included 5 women and 5 men in total (taking into account resignations and appointments, the Supervisory Board has included 3 women and 5 men since 19 June 2024).

8.3. Corporate Governance

As part of the implementation for application, in 2014 by the Management Board and Supervisory Board of the Bank and, next, in 2015 by the General Meeting of Shareholders, of the document Principles of Corporate Governance for Supervised Institutions, issued by the Polish Financial Supervision Authority (KNF), the Supervisory Board read, at its meeting on 20 March 2025, the "2024 Report – Assessment of Application of the Principles of Corporate Governance for Supervised Institutions issued by the Polish Financial Supervision Authority at Bank Handlowy w Warszawie S.A.", prepared by the Compliance Department for Regulations and Regulatory Relations in the Compliance Division (Compliance Department) and including an independent assessment of application of the "Principles of Corporate Governance for Supervised Institutions."

On the basis of the above Report of the Compliance Department containing an independent assessment of the application of the "Principles of Corporate Governance for Supervised Institutions" and taking into consideration a positive recommendation issued by the Audit Committee of the Supervisory Board, the Supervisory Board assessed independently and found that in 2024 the Bank applied the rules resulting from the Principles of Corporate Governance for Supervised Institutions, with the exception of principles § 11.2, § 16.1 that the Bank decided not to apply. With respect to the principle defined in § 8.4 (electronic General Meeting) of the Principles of Corporate Governance, the principle was applied in 2024 provided that before each General Meeting the Management Board of the Bank

decided how the shareholders would participate in the General Meeting of the Bank, on a case by case basis.

The resolution was adopted unanimously.

In 2024, the Bank upheld its decision on the exclusion of the following three principles:

- 1) Article 8.4 (electronic General Meeting) – currently available IT solutions do not guarantee a secure and efficient electronic form of holding a General Meeting. However, the Management Board does see the importance of such form of shareholders' participation in the Bank's General Meeting, and therefore a separate decision on that matter shall be made before each General Meeting.
- 2) § 11.2 (transactions with related parties) – this principle shall not be applied with respect to contracts tied to day-to-day operations, in particular to contracts tied to liquidity, due to the nature of transactions and the number of contracts being concluded, and with respect to transactions executed on the basis of a brokerage contract for fulfilment of orders, concluded with Clients of CGML and CGME, as these transactions are concluded under market terms.
- 3) § 16.1 (meetings of the Management Board of the Bank held in the Polish language) – meetings of the Management Board attended by foreigners, especially foreigners who are members of the Management Board and do not speak Polish, are held in the English language. Simultaneously, any motions submitted to the Management Board, any materials and minutes of meetings are prepared and kept in Polish and in English.

Pursuant to the requirements of the Principles of Corporate Governance for Supervised Institutions and the information policy adopted by the Bank, after the Supervisory Board of Bank Handlowy S.A. performed an independent assessment of the application of the Principles of Corporate Governance for Supervised Institutions, the Bank makes available on its website the information on the application of the Principles, and on the non-application of specific Principles.

8.4. Settlements between the Bank and Citigroup

In the reporting period, the Supervisory Board's business included issues related to the outsourcing of actual operation in the area of banking outsourcing. Such supervision covered payments resulting from agreements for the provision of operational support, production support and IT application development services to the Bank.

8.5. Amendments to the Articles of Association of the Bank and the Regulations of the Management Board and the Regulations of the Supervisory Board of the Bank:

On 7 August 2024, the Court entered in the Register of Entrepreneurs of the National Court Register the amendments to the Articles of Association of Bank Handlowy w Warszawie S.A. (hereinafter: the Articles of Association) adopted by the Annual General Meeting of the Bank on 19 June 2024 by Resolution No. 39/2024, described in detail, among other documents, in the Bank's current report no. 33/2024 of 9 August 2024.

The justification for the amendments was in particular the Act of 16 August 2023 on amending certain acts in connection with ensuring the development of the financial market and the protection of investors in this market (hereinafter: the Act), which has introduced the obligation to amend the Articles of Association as follows:

- 1) listing the activities that the Bank intends to perform as part of its brokerage activities – before the amendment, the Articles of Association only set out that the Bank may conduct brokerage activities, and the individual activities are listed in the KNF permit. The proposed amendment to § 5(4)(21) of the Articles of Association introduced a list of activities that the Bank intends to perform via its brokerage unit,
- 2) listing the so-called activities other than brokerage activities, i.e. activities under Article 69(2)(1) - (7) of the Act of 29 July 2005 on trading in financial instruments (hereinafter: the Trading Act), which the Bank intends to perform under Article 70(2) of the Trading Act. Before the amendment, the Articles of Association set out, in § 5(4)(23), the scope of activities other than brokerage activities that may be performed by the Bank, and the Bank intends to continue to perform these activities. The amendment to § 5(4)(23)(f) of the Articles of Association (standby and firm-commitment underwriting agreements have

been changed to issue guarantee agreements) is the result of adjustment to the current definitions from the Trading Act,

- 3) deleting activities that are not performed from the Articles of Association in the event that the Bank ceases to perform activities specified in the Articles of Association for an uninterrupted period of 12 months, i.e.: a) providing safe deposit boxes; b) issuing an electronic money instrument; c) organizing and servicing financial lease; d) acting as a representative within the meaning of the Bonds Act.

Moreover, in the section regulating the Bank's activities (§ 5(3) and (4) of the Articles of Association), the activities that were removed from the Act of 29 August 1997 – Banking Law – were removed and changes were made to adapt it to the currently applicable nomenclature.

The proposed amendments to the Articles of Association, apart from adapting them to the above-mentioned requirements resulting from the Act (§ 5(3) and (4) of the Articles of Association), also included clarifying changes, in particular those concerning the members of the Supervisory Board and the Management Board that are related to:

- 1) principles for calculating the term of office of members of the Supervisory Board and the Management Board (§ 14(1) and § 21(1)) - the Commercial Companies Code lays down that: "the term of office shall be calculated in full financial years unless the company's articles of association provide otherwise". The introduction of changes to § 14(1) and § 21(1), according to which: "the first financial year of the term of office is each time the financial year in which the performance of the function began, even if it did not occur at the beginning of that financial year", is intended to explain how years are counted within the term of office. The 4-year term of office is within the time frame specified by the Commercial Companies Code (up to 5 years),
- 2) independence criteria for members of the Supervisory Board (§ 14(4)) - the purpose of the amendment is to clarify the independence criteria for members of the Supervisory Board who are not members of the Audit Committee in terms of remuneration received from the Bank or companies associated with the Bank and the status of a shareholder of the Bank or a company associated with the Bank,
- 3) the possibility of submitting resignation by members of the Supervisory Board and the Management Board in electronic form (§ 15 and § 21(2)) - the aim of the amendment is to digitize the process to the extent permitted by generally applicable laws and regulations.

In the above-mentioned reporting period, the Supervisory Board of the Bank did not make any changes to the "Regulations of the Supervisory Board of Bank Handlowy w Warszawie S.A." and made changes to the "Regulations of the Management Board of Bank Handlowy w Warszawie S.A." taking into account the responsibilities of the Management Board in the area of sustainability concerning environmental, social and governance (ESG) topics resulting from generally applicable laws or guidelines issued by regulators, taking into account the obligation to disclose various information from the ESG area as part of sustainability reporting.
